ASHLESH GAVAS

UI/UX & PRODUCT DESIGNER | WEB, MOBILE & SAAS

ashleshgavas@gmail.com | 9146487241 | ashleshdesignportfolio.framer.website | linkedin.com/in/ashlesh-gavas

PROFESSIONAL SUMMARY

B.Tech (Computer Science) graduate and product designer with 2 years of hands-on experience across a full-time role, two internships, and freelance work on web, mobile, and SaaS products. Built two design systems (25+ and 45+ components), cut task steps by 20%+, and reduced support tickets by 33%. Strong in user research, Figma prototyping, and shipping alongside developers.

EXPERIENCE

UI/UX Designer | IDSSPL Technologies Pvt Ltd (Full Time) *May 2026 – Present*

- Redesigned core workflows of an enterprise banking platform, cutting task steps and improving navigation, usability, and UI consistency across key modules.
- Built a 25+ component design system that speeds up design production and keeps the UI consistent.
- Partnered with 5+ developers and stakeholders to resolve technical constraints and ship a steady stream of high-fidelity screens and prototypes.
- Validated the redesign in 10+ client demos, contributing to a 18% increase in sales calls for the new product version.
- Designing an enterprise admin panel covering user management, approval workflows, roles, permissions, and audit tracking.

UI/UX Designer | Urban Tobacco Machinery Website (Freelance) *Jan 2025 – Feb 2025*

- Designed a global-facing website for a machinery company, turning stakeholder business goals and target-audience needs into the site structure and UI.
- Researched international markets to identify user needs, behavior patterns, and regional considerations.
- Created accessible, intuitive interfaces for diverse user groups, with consistent typography, color, spacing, and visual hierarchy.

UI/UX Designer | IHSUK Technologies Pvt Ltd (Internship) *Jul 2025 – Nov 2025*

- Designed a service-booking dashboard and mobile app end-to-end, taking changing requirements to production-ready UX/UI in 5 months.
- Researched 12+ competitors/users to uncover booking behaviors and product opportunities.
- Built a 40+ component design system for consistent experiences across web, SaaS, and mobile products.

UI/UX Designer | Biyani Technology Pvt Ltd (Internship) *Aug 2024 – Jul 2025*

- Led UX and information architecture for a unified learning hub, reducing support tickets by 28%.
- Ran user research and usability testing, raising task success from 60% to 70%.
- Built low- to high-fidelity wireframes and interactive Figma prototypes with developers, defining typography, color, and grid systems for consistency.

PROJECTS

Core Banking Software Redesign | Live Project | Figma, Figma AI *4 Months*

- Designed and optimized core banking and internet banking flows, focusing on intuitive navigation and seamless user journeys.
- Explored AI-assisted workflows (Figma AI, Claude) to speed up wireframing and prototyping for banking UI.

PhonePe App Redesign | Personal Project | Figma, FigJam *20 Days*

- Redesigned the PhonePe app interface end-to-end after usability audits and user interviews, targeting bill-payment and transaction-history friction points.
- Streamlined the dashboard and checkout journey to reduce task completion time while preserving the brand's visual identity.

SKILLS

Design: User Research, User Flows, Information Architecture, Wireframing, Prototyping, Interaction Design, Usability Testing, Design Systems, Visual Design, Accessibility, Responsive Design

Product Areas: Web, Mobile App, SaaS, Enterprise & Fintech, Admin Dashboards, Approval & Role-Based Workflows, Service Booking, Ed-Tech

Tools: Figma, FigJam, Figma AI, Framer, Notion

Development: HTML, CSS, JavaScript, Bootstrap

Collaboration: Stakeholder Management, Design–Developer Handoff, Competitor Analysis, Market Research

EDUCATION

B.Tech, Computer Science – D.Y. Patil Agriculture & Technical University *Aug 2022 – Jan 2026*

Diploma, Computer Science – D.Y. Patil Polytechnic, Kasaba Bawada *Sep 2019 – Apr 2022*
